

Scientific Optical Service.

We have a modern optical department equipped with every appliance that can in any way contribute to the accurate fitting of spectacles. This department is in charge of a graduate optician, who is experienced in this work. We give the best possible service in the fitting of glasses, such service as should always be had, but which is seldom available.

Those who require glasses should realize that in a majority of cases there are complications and inequalities which are never fully corrected in the ordinary fitting of glasses.

Absolutely perfect work requires a complete equipment of scientific apparatus, such as we have, and the skill and experience in the use of the equipment such as we provide.

In our optical department, eyes are examined under ideal conditions, all complications of vision are corrected and the results are perfect and positive.

Your eyes deserve the best attention to be had. It is worth while to have them fitted in our optical department.

BROWN & MATTHEWSON,

Scientific Opticians,

MARSHALL, - - TEXAS.

The Imprecate.

TAYLOR & TAYLOR,
EDITORS AND PROPRIETORS.

OFFICE OF PUBLICATION—Corner
Austin and Vale Sts., Jefferson, Texas.

Entered at the Post-Office at Jefferson, Texas,
as second-class mail matter.

The San Antonio International
Fair opens today to continue to
November 2nd. The fair will be
a great event.

The Dallas fair and festival just
closed was quite a big event this
season, though lasting only a
week. It was well attended by
people over the state.

The Terrell Transcript says, a
certain war correspondent says he
is where the shot and shell is
thickest. Does he mean he is in
the tent where the ammunition is
kept? Why, of course, you should
know that without asking.

The city council should make
no mistake in putting in the water
works. Don't be penny wise and
pound foolish in putting in the
pumping station, and stand pipe.
Let this have the capacity to add
too, as the demands require. If it
is made too small, then what will
be done, when the city demands
an extension of the mains. It will
be with the water works as it was
with the telephone, at first but
few used it, now there are only a
very few who do not use it. The
water works will be no bad invest-
ment for the city, if it is properly
started off. If, however, a mis-
take is made in the start, then
someone will be sorry.

The great rapid transit road just
completed in New York City will
be opened informally on midnight
of October 27th. This rapid trans-
it subway is a grand piece of
work.

THE POLITICAL OUTLOOK.

The clans are waking up, the
boys are coming out, and the yell-
ing has begun. The great German
vote is shying at imperialism, and
militarism with strong indications
of its solidifying on Parker. The
silent voter has a strong feeling for
the Democratic nominee. The
labor unions do not understand if
the great Republican party is their
friend, why is there so many men
seeking employment. They are
asking the question is it the stren-
uousness of the President which is
making capital keep within easy
reach of the shore. Then if this
be so, why should not a man be
selected on whom all can honestly
depend. The election in Novem-
ber will be a great surprise to
many. The silent vote which al-
ways elects is more silent at this
time than ever before, therefore
more uncertain. While no one can
tell, yet apparently the chances
now favor Parker. The battle is
on to the finish. As the election
day approaches it become hotter
in the close states. New York is
very certain to go with Parker, so
will Indiana. In fact it is getting
very interesting. Neither candi-
date can claim a cinch.

The Agricultural Commission-
ers of the Southern states while in
session at Baton Rouge, estimated
total cotton crop at 10,171,000
bales. For Texas, Indian Terri-
tory and Oklahoma, they place
their crop at 3,200,000. This may
be cut short by the frost.

During the convention held in
Boston by the Episcopalians they
passed a law against the clergy of
that church performing the cere-
mony in the case of divorced per-
sons. The church should take
some stand against divorces, there
are too many granted.

In the blanket primary held over
this the first senatorial district,
Hon. J. M. Terrell, of Dainger-
field, was nominated for Senator
without opposition to fill the un-
expired term of the late Senator J.
R. Wilson.

MARION AND CASS.

The fact that the Oklahoma,
Texas & Gulf has decided to go via
Longview does not necessarily let
Marion and Cass county out of get-
ting at least a branch of the road.
The Company is anxious for Ma-
rion and Cass to submit them a
proposition for a branch road. If
something is done along this line,
nothing has been lost by not get-
ting the main line. The branch
would leave the main line some-
where near Omaha, thence via
Linden to Jefferson. If this line
of road is wanted by the section of
each county through which it
would pass, then let some concert
of action be taken covering the
whole distance. In submitting a
proposition, there should accom-
pany the proposition the actual
amount of traffic in sight and also
the prospective traffic, in this way
it can be made interesting to the
railway company from a traffic
stand point if no other. So let all
parties get hard down to work.

The Sunday edition of The Fort
Worth Record was their answer-
sary number. The paper being
just one year old. It was a large
issue of 60 pages profusely illus-
trated, and write-ups of Texas and
Fort Worth and her increased busi-
ness. The Record is a fine paper
and we wish it success.

The Bonham News has changed
from a weekly to a Twice-a-week
edition. We are glad to see its
business has increased, and en-
abled them to give their readers
two papers instead of one.

The cold frosty weather will
stop the decline in the price of cot-
ton and cause it to go up. We
hope every cotton raiser can get
ten cents and over for his cotton.

The Mt. Pleasant Eagle has sev-
eral leading merchants who carry
full page advertisements and con-
sider it a paying proposition to do
so.

If you want plenty of eggs feed
your hens on Magic Poultry Food,
at D. M. Smith's d.1.

BENEVOLENT ASSOCIATIONS

Of America Use Pe-ru-na For All
Catarrhal Diseases.

MRS. HENRIETTA A. S. MARSH.
Woman's Benevolent Association of
Chicago.

Mrs. Henrietta A. S. Marsh, President
Woman's Benevolent Association, of
221 Jackson Park Terrace, Woodlawn,
Chicago, Ill., says:

"I suffered with la grippe for seven
weeks and nothing helped me until I
tried Peruna. I felt at once that I had
at last secured the right medicine and
kept steadily improving. Within three
weeks I was fully restored."—Henrietta
A. S. Marsh.

La Grippe is epidemic catarrh. Peru-
na is of national fame as a sure cure for
catarrh in all phases and stages.

If you do not derive prompt and satis-
factory results from the use of Peruna,
write at once to Dr. Hartman, giving a
full statement of your case and he will
be pleased to give you his valuable ad-
vice gratis.

Address Dr. Hartman, President of
Santitarium, Columbus, O.

Marion county will soon have
large Elberta orchards. Among
those who will set out trees are L.
S. Schluter for 5,000, and B.
F. Sherrell 2,000.

Has Stood the Test 25 Years.

The old, original Grove's Tasteless
Chill Tonic. You know what you are
taking. It is iron and quinine in a
tasteless form. No cure, no pay, 50c.

County Chairman R. A. Loomis
was in from Kellyville, Tuesday.

INTRODUCING

THE GEO. H. GOODMAN COMPANY

INCORPORATED.

Main Office and Warehouse: 115-117
So. 2nd St., Paducah, Ky.

Registered Distillery No. 7, 5th Dis-
trict, Nelson County, Kentucky.

Branch House: 108-110 E. Lafayette
Street, Jackson, Tenn.

BRANCH HOUSE:

628-630 Commerce St., SHREVEPORT, LA.

TO THE TRADE:

We have opened a Branch House in Shreveport on account of its excellent location as a shipping center, and will carry the same line of goods that have won a first place for us through the central and southern states.

We are a firm of long standing and are big people in the whiskey business—largest in the South selling exclusively to the consumer. During the past twelve months we have handled almost a half million dollar business. Think of it: Five Hundred Thousand Dollars worth of whiskey in jugs and bottles—You KNOW our goods are right or we couldn't secure the immense volume.

Our large interest in the EARLY TIMES DISTILLERY give us absolutely the best the market offers, both from a stand-
point of quality, at the various prices.

It will be to your advantage to give us a trial. We believe in STRAIGHT whiskies and do not carry a Rectifier or "Mixers"
license, either at Paducah, Ky., our headquarters, or our branches, and the goods supplied the trade exactly as received from
the distillery. In proof of this claim we refer you to the Internal Revenue Records.

Our goods merit your patronage and we respectfully solicit your orders.

Very truly yours,

GEO. H. GOODMAN COMPANY.
